WESTERN RESERVE MEDICAL CENTER (216) 740-3224 500 GYPSY LANE, YOUNGSTOWN, OH 44501

EMERGENCY DEPARTMENT SUPPLEMENTCHIEF COMPLAINT - HISTORY:

Chief complaint of possibly being sexually molested.

This is an 8-year-old girl who was brought in here by her mother. The mother found her daughter, Meghan McKelvey, with her mother's ex-boy-friend, named Tony Clorfi, in the living room on the sofa and her ex-boy-friend had underpants on, kissing her daughter and touching her private area, according to the mother. The mother states her ex-boy-friend took the child from her bedroom and brought her down to the living room and the child said he did this several times in the past, touching her and kissing her. The mother called the police and was advised to come to the Emergency Room.

PAST MEDICAL HISTORY - PERTINENT REVIEW OF SYSTEMS:

Non-contributory except for above.

PHYSICAL EXAMINATION:

She was awake, alert, well hydrated, not in distress. Head; no bruising, no swelling. Neck; no tenderness. Back; no tenderness. Chest; no tenderness. Lungs are clear. Heart is regular rhythm. Abdomen is soft, no tenderness, no guarding, bowel sounds are normal. Extremities revealed no swelling, no tenderness, moves all extremities. Skin; no bruising, no abrasions. Perineum revealed there is no obvious trauma, no discharge. Vaginal opening was about 3 mm. No bruise, no abrasion at the perineum. The hymen is intact. The anus appeared to be intact. No evidence of trauma.

IMPRESSION:

Alleged sexual abuse.

PLAN OF TREATMENT:

1. Vaginal swab for GC and Chlamydia and also vaginal swab for yeast
Chlamydia
2. Dr. Hazelbaker was notified.
