Dear "Big Ronny" Long time ago I was told by my brother Tony, that you wanted to know where I was, and my brother was afraid to tell you because he thought that you wanted to know where I was so you can kill me or sent someone to kill me for I have testified against an innocent man Dan Hayden Willoughby, but now I'm very sorry for what I did and all the people I hurt, and therefore now because of my conscience I want to let Society know that I Yesenia Patino Gonzalez did this horrible murder of Patricia Toland Willoughby in Rocky Point February 23<sup>rd</sup> 91, I can't continue living knowing that I have blame Mr. Willoughby for the murder of his wife, I don't know if you remember the few times I told you that Mrs. Willoughby was really getting to me, and that I was really tired of her. If you happen to see Dan tell him that I still love him and to forgive me of all my wrong doing and all the hurt I cause him and his children. Theresa, Hayden, Marsha, Mr & Mrs Huish

Sincerely yours,

Yesenia Patino Gonzalez
